

Work where you matter. Vancouver Island University invites applications for  
**Instructor, Health Care Assistant Program.**

As our Health Care Assistant Instructor, you will:

- teach in clinical, lab, and/or classroom settings, including preparation, delivery, and evaluation
- support student learning through the integration and evaluation of student progress in theory and practice
- participate in instructional advising with students
- contribute to departmental and faculty meetings and program activities related to curriculum and administrative planning activities.

Visit the program [overview](#) for more information.

Qualifications required for this role include:

- Bachelor of Science in Nursing (BSN) from an appropriately accredited institution, with current practicing CRNBC membership in good standing;
- minimum of five years recent gerontological nursing experience;
- solid understanding of the scope and role of health care assistants in the health care system;

View the full job [description](#) and apply online by April 19, 2017.

Why should you choose VIU for your career?

- We offer a valuable total reward package, including a comprehensive health and dental benefits plan for your family
- You will participate in a desirable pension plan
- You will be offered a competitive compensation package
- You will have supported professional development opportunities
- You will receive a paid week-long break at the end of December
- You will become part of a professional environment where people are valued
- You will enjoy the pace and quality of life on Vancouver Island

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Vancouver Island University embraces the principle of employment equity and encourages applications from women, persons with disabilities, visible minorities, and people of Aboriginal descent.
